Brush Collections & TLC Facial Oil

I have worked as a professional make-up artist for over 30 years, including work in TV, Editorial, Commercial and Theatre after being trained and graduated from the London College of Fashion. My work has taken me all over the U.K.

For the past 26+ years I have ran my own successful business from my countryside, Lincolnshire Make-up studio, specialising in Make-up lessons and Special occasion make-up.

I love my work and I know how important great make-up brushes are in creating the highest standard of make-up, with ease and precision. I also know how important good skincare is.

I meet so many people who want to learn how to apply make-up quickly and simply, so I created my first brush collection in 2020, (produced with the help of Maggie Hunt, one of Princess Diana's Make-up artists.) They are available to purchase at my studio or via my online store, www.tinabrocklebank.co.uk/online-store

The brushes are high quality, hand made and assembled in the U.K. using traditional methods, with the handles being made from birch or beech from managed forests and the brush heads from top-quality vegan hair. Each brush is used and selected exclusively by me.

I created my Organic TLC Facial Elixir Oil in 2026, (after experimenting during Covid), with the help of a Cosmetic scientist. I was trained as a Beauty Therapist prior to training as a Make-up artist, so know how important good skincare is, prior to make-up. I meet so many women who have undernourished skin and so decided creating the Facial oil would help them. I was featured on Speed Beauty on YouTube, by celeb Make-up artist, Caroline Barnes and my TLC oil was recommended by her, (who is one of Kylie Minogue's Make-up artists).

I hope you enjoy using the brushes and the Facial oil as much as I do!

Pro-brush set with brush wrap
